

City of Milton-Freewater 2018 SUMMER NEWSLETTER

PO Box 6—722 S Main Street, Milton-Freewater, OR 97862 —

NEW FACES IN PUBLIC TRANSPORTATION

Laurel Sweeney, City Planner, will be taking over Public Transportation for the City along with her Assistant, Lisa Wasson. They will take on the day-to-day operations with two public transit contracts and provide information through quarterly reports to both the Federal Transit Administration and Oregon Department of Transportation, Rail & Public Transit Division based in Salem, Oregon.

Laurel Sweeney

Lisa Wasson

They will also be available to answer questions and help you navigate a coordinated regional system to provide transportation services to and from where you need to be.

So you might be wondering why the new faces in Public Transportation as folks currently or previously using the system recognize that Teresa Dutcher has been managing this program for the City for the past ten years, and assisting with the program even before that. But by the time you receive this newsletter, Teresa will have retired on June 28th. She said before she left, "It has been a pleasure to serve citizens and patrons in this program, and hope many folks will continue to use the City's programs for their benefit, and also hope that many more will sign up for these great advantages. I know I will begin using the program myself. It's quite reasonable to take the bus and with the Walla Walla Valley Transit system, you can get just about anywhere in Walla Walla

and College Place." So out with the old and in with the new!

A NEW FACE IN THE ELECTRIC DEPARTMENT

Mike Watkins

The Electric Department has a new Superintendent. Mike Watkins has been serving in our Community Development Department for ten+ years and prior to that he worked for the City as an Electric Journeyman Lineman. Mike says he has enjoyed the Community Development Department and exciting things are happening, but is equally excited to get back into the electrical world.

Mike will be replacing Rick Rambo who is retiring after more than 30 years with the City.

THANK YOU SO VERY MUCH!!

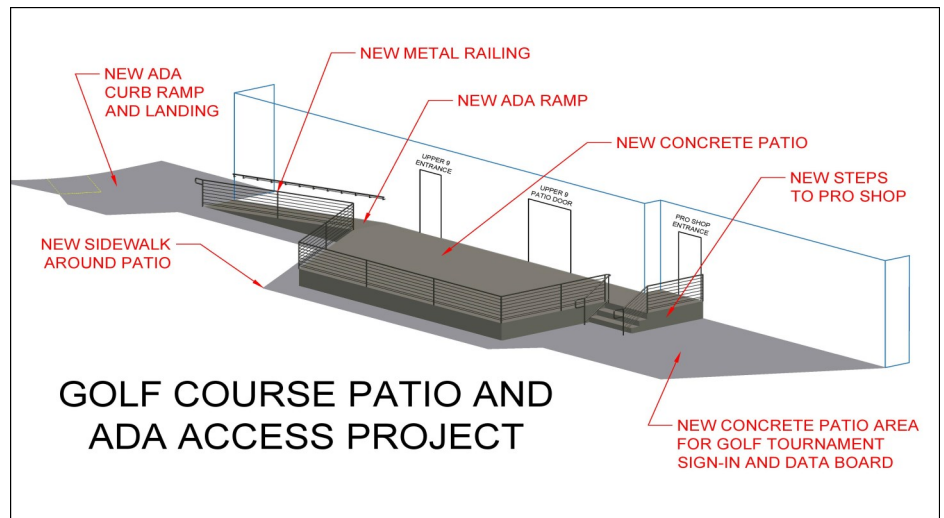

The City of Milton-Freewater would like to thank the Community Development Partnership organization for sponsoring the hanging flower baskets at City Hall and the City's Library.

The City would also like to thank Don Jackson Excavating for their volunteer work at the Aquatic Center trying to find the leaks and broken pipes. Thank you so much as the City's pool is valuable to our citizens in the summer.

And while we're at it with the thank yous...the City would also like to announce a new patio at the golf course to be completed early this summer (see sketch below)!

- Funding Provided By:*

City Manager

Linda Hall

Conservation Corner

by Pat Didion

Summer is here! If you have not had your Air Conditioning system serviced, get it done before summer. Change the filter in your HVAC at least every 3 months due to living in a dusty area. A dirty filter can shorten the life of your HVAC unit by YEARS plus use more power to cool

your home.

Residential Customers: Still have rebates available for Insulation, Windows, Clothes Energy Star Washers/Dryers, Energy Star LED lamps/fixtures, Central Air & Ductless Heat Pumps.

Commercial/Industrial Customers: Rebates are available for upgrades to most electrical energy efficiency upgrades. Probably the most important change is the lower cost of LED light-

ing making it cost effective to lower energy costs and greatly improve the lighting in your business. Our rebate makes your project more attractive.

PLEASE CONTACT THE ENERGY CONSERVATION OFFICE AT CITY HALL BY CALLING 541-938-8237 BEFORE STARTING ANY PROJECT!!!

ENJOY YOUR SUMMER!
