City of Milton-Freewater

501 Lamb Street, PO Box 6, Milton-Freewater, OR 97862

WIND STORM DEBRIS DISPOSAL

City garbage customers can dispose of tree debris from the windstorm by hauling it to the drop box temporarily located in the Rotary Sports Complex parking lot, which is adjacent to the 640 County Road recycle depot today through December 22.

This courtesy service is for natural wood material only = tree branches and limbs. No treated or painted lumber or debris please. If this service is found to be abused, it may be discontinued without notice.

If you have additional trash to dispose of, please contact us at 541-938-8270, 8274 or 541-938-5531 for us to help you ensure that your service needs are met to avoid additional overcharge fees.

Don't forget to recycle, which can also allow for more space in your trash can for trash!
